

Mountain State Healthy Families

Ministry to Mothers with Newborns

Mountain State Healthy Families is a ministry of Team for WV, which works with families with children from birth to five years old. It has a special program for mothers with newborns. They need volunteers to help in two ways:

*Commit to supplying on a quarterly basis, **baby care items** such as diapers, lotion, baby wash, blankets -- anything baby related!*

*Commit to helping with their **annual baby shower**. The work involves helping with food preparation, set up, decorating, and filling gift baskets.*

*The baby shower is scheduled for **May 17** this year.*
